

Welcome!

Pitt CSC Meeting

September 8, 2014

GitHub

Why it's cool and why we're using it

What is Github?

A great place to...

1. Collaborate with people
2. Store your code
3. Find other people's code

How will we use it?

- Storing projects
- Tracking progress
- Hosting presentations and documents
- Website hosting

What you need to know now

1. go to github tonight
2. Make an account
3. Send us your username

Slack

Team Collaboration of the *future*

What does it do?

- Gives teams a feature-rich platform for collaboration
- Allows us to receive notifications from *anything* in one convenient location

A large, bold, purple letter 'S' is centered on a white background. The background is composed of several overlapping geometric shapes in various colors: light blue, yellow, green, and pink. The shapes are arranged in a way that creates a dynamic, layered effect around the letter.
